

The DX Bulletin

ISSUE 145 JUNE 14, 1982

PROPAGATION: Jun 14, Low/Below Normal; Jun 15, Low Normal; Jun 16, 17, High Normal; Jun 18-20, Above Normal. TNX N4XX.

The solar flare on Sunday, Jun 6, was the most intense since July, 1978. Although the HF bands were wiped out for hours, 50 MHz was extremely good, with 48 of the fifty states heard in the Northeast, along with some fifteen countries, mostly in the Caribbean. The Midwest and West Coast were treated to several ZLs

N4XX is still predicting above normal conditions for both days of the All Asia phone contest Jun 19/20. During that activity, U.N. Headquarters station 4U1UN will operate "all bands" to work Asians.

CANADA's ST. PAUL ISLAND

The all-important landing permission from the Coast Guard has now been received for a major operation from St. Paul, July 8-13. Operators will include VE1FH, VE1AMC, VE1CER/AK4L, VE1ASJ, W1XX, AA2Z, and KIWJ. It will take some doing to work this operation on "all bands," as they'll have gear for 160-10 Meters, 6 and 2 Meters, and 432 MHz, as well as RTTY and possibly SSTV gear!

During the IARU Radiosport Championship, two multi-operator, single transmitter stations will be in operation, signing VE1SPI and VE1CER. Operations on 50 MHz will be signing VE1ASJ and non-contest operating before and after the weekend will use VE1SPI.

QSL information will be announced later. VHF operators desiring EME schedules on 2 Meters (only) should contact Jerry Hull, AK4L, at 203-666-1541, 8-5 Tues-Fri.

—...—

DR. SAN HUTSON, K5YY, is off again, this time on vacation to St. Vincent, J8, Jun 19-24, then St. Lucia J6, Jun 25-29. He will work mostly the low bands and CW for those needing 5BDXCC contacts, etc. After that, San will be in Brazil a few days, to look into possible future operations.

W4MGN OFF TO AFRICA AGAIN

Dr. Ed Richmond's summertime trips to Africa have become an annual event. This year he leaves Atlanta mid-June for two months of operating from a dozen spots, including several rare ones. Ed operates "contest style" and mainly 20-10 Meters, but he will do the low bands when the host station is set up for them. These trips are in conjunction with research projects for Ed's university, so amateur radio is done when time permits. The schedule:

Jun 14	6W8JI
Jun 17	C53CC
Jul 7	EL2AG
Jul 9	5Z4CZ
Jul 13	9U5JM
Jul 20	5Z4CZ
Jul 22	D68AM
Jul 27	FH8CL
Jul 31	FRØ
Aug 3	W4MGN/3B8
Aug 8	S79ARB
Aug 12	5Z4CZ
Aug 15	United Kingdom

Ed will make special efforts from Burundi, Comoros, and Mayotte. QSL to Bill Dunbar, WA4VDE, RØD 5, Box 107, Canton GA 3-114.

—...—

RUMORS of a Mt. Athos operation published in other sheets mention the source as being SVØBV. You will recall that SVØBV is also known as KF10, of San Felix "fame." A letter dated June 1 from SV1IW and SV1JG mention no upcoming operations by them. They have sent copies of their 1980 authorization to the DXCC Desk to aid in verifying any future documentation from others.

The DX Bulletin (ISSN 0279-8077) is published weekly fifty times per year at the following rates: 48 contiguous states \$26 per year (\$32 per year optional first class mail); Canada, Mexico, Alaska, Hawaii, Puerto Rico, APO, and FPO boxes, \$32 per year; all others \$40 per year (airmail). The DX Bulletin is published at 306 Vernon Avenue, Vernon, CT 06066. Second-class postage paid at Vernon, CT. POSTMASTER: Send address changes to The DX Bulletin, 306 Vernon Avenue, Vernon CT 06066.

speaking of SAN FELIX, the Radio Club of Chile has requested that it be made very clear just what the situation was there and how the outcome came about. In the Club's own words:

"We are delighted to know that finally the ARRL has officially announced that contacts made with KF10/CEØX will not count for DXCC. for the sake of truth, let it be known once and for all that:

1. R. Read has never been on San Felix Is.
2. His transmissions took place from continental Chile.
3. He was never granted a contract by the Chilean Naval authorities.
4. All the documentation presented by him was either FALSE or FORGED.

"We deeply regret that a U.S. citizen and amateur radio operator has been responsible for this matter."

-...-

A few weeks ago in discussing China and Albania we referred to them as "allies." That was not meant in the military or treaty sense. Probably a better term would have been "ideological soulmates." TDXB hopes we did not offend any of our many Albanian and Chinese subscribers.

NEW EDITOR K7GM just published his first issue of the National Contest Journal. Rick is highly qualified for the job, being a former ARRL Assistant Communications Manager for Contests. Subscription rate for six issues a year is six dollars (DX-\$8), available from 1914 W. Cortez Circle, Chandler, AZ 85224.

Two different SOURCES report a JA1DNG/YI appearing on nets: 21155 at 1030Z, and 21250 at 1530Z. We have had no first-hand reports. QSL JA1CJF.

VQ9XX (alias Ron, K6OZL) has about three months left in his Chagos tour of duty, and will honor requests for low-band contacts. QSL manager is N6BFA, Bill Hudson, PO BOX 5, Miramonte, CA 93641.
